CONT

WE'VE ONLY JUST BEGUN our role in the life we shall live, but we HAVE begun. We, the staff, hope to show you in the pages of the 1973 yearbook our BEGINNING.

Through experience we have found:

No great nation ever became powerful, without a beginning.

No masterpiece was ever painted, without a beginning.

No story was ever told, without a beginning.

No, nothing was ever done, without a beginning.

We would like to express to you, our parents, teachers, and community, our sincere thanks for helping us begin.

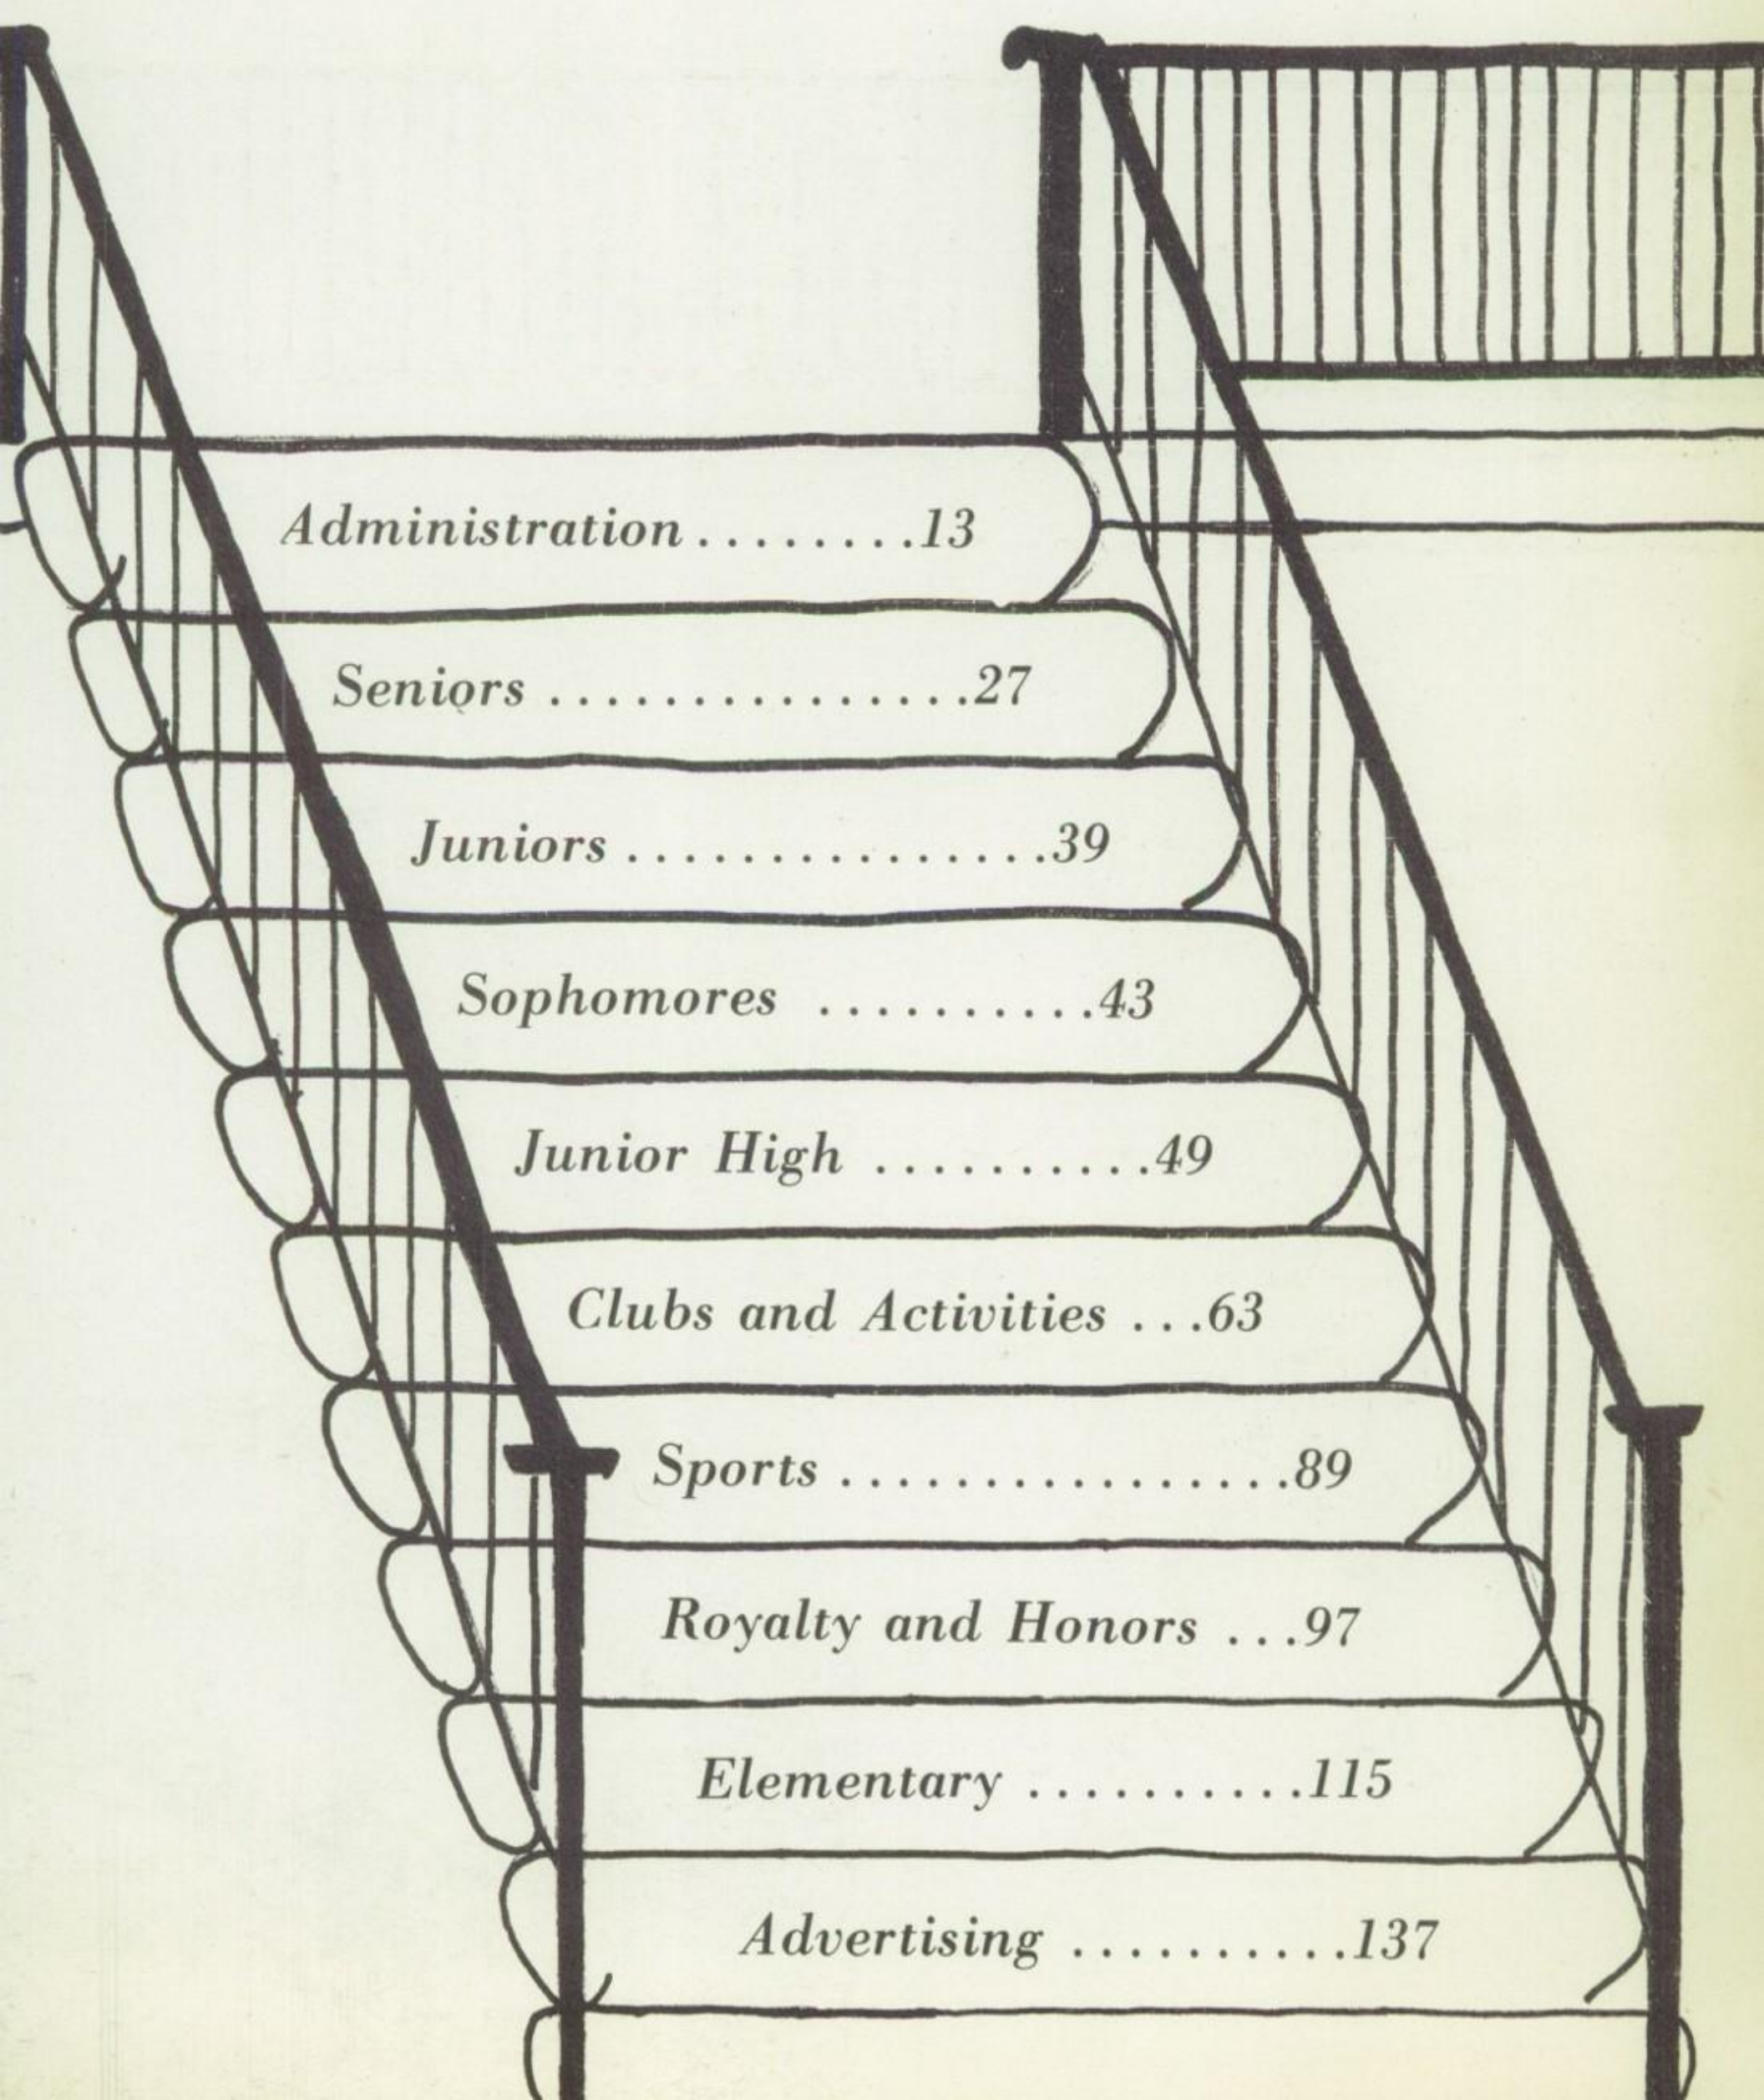

We are proud of the start you have given us, and hope, that with God's help, we can continue in a very successful life. Yes, we have only just begun, but we HAVE begun.

Annual Dedicated to Counselor

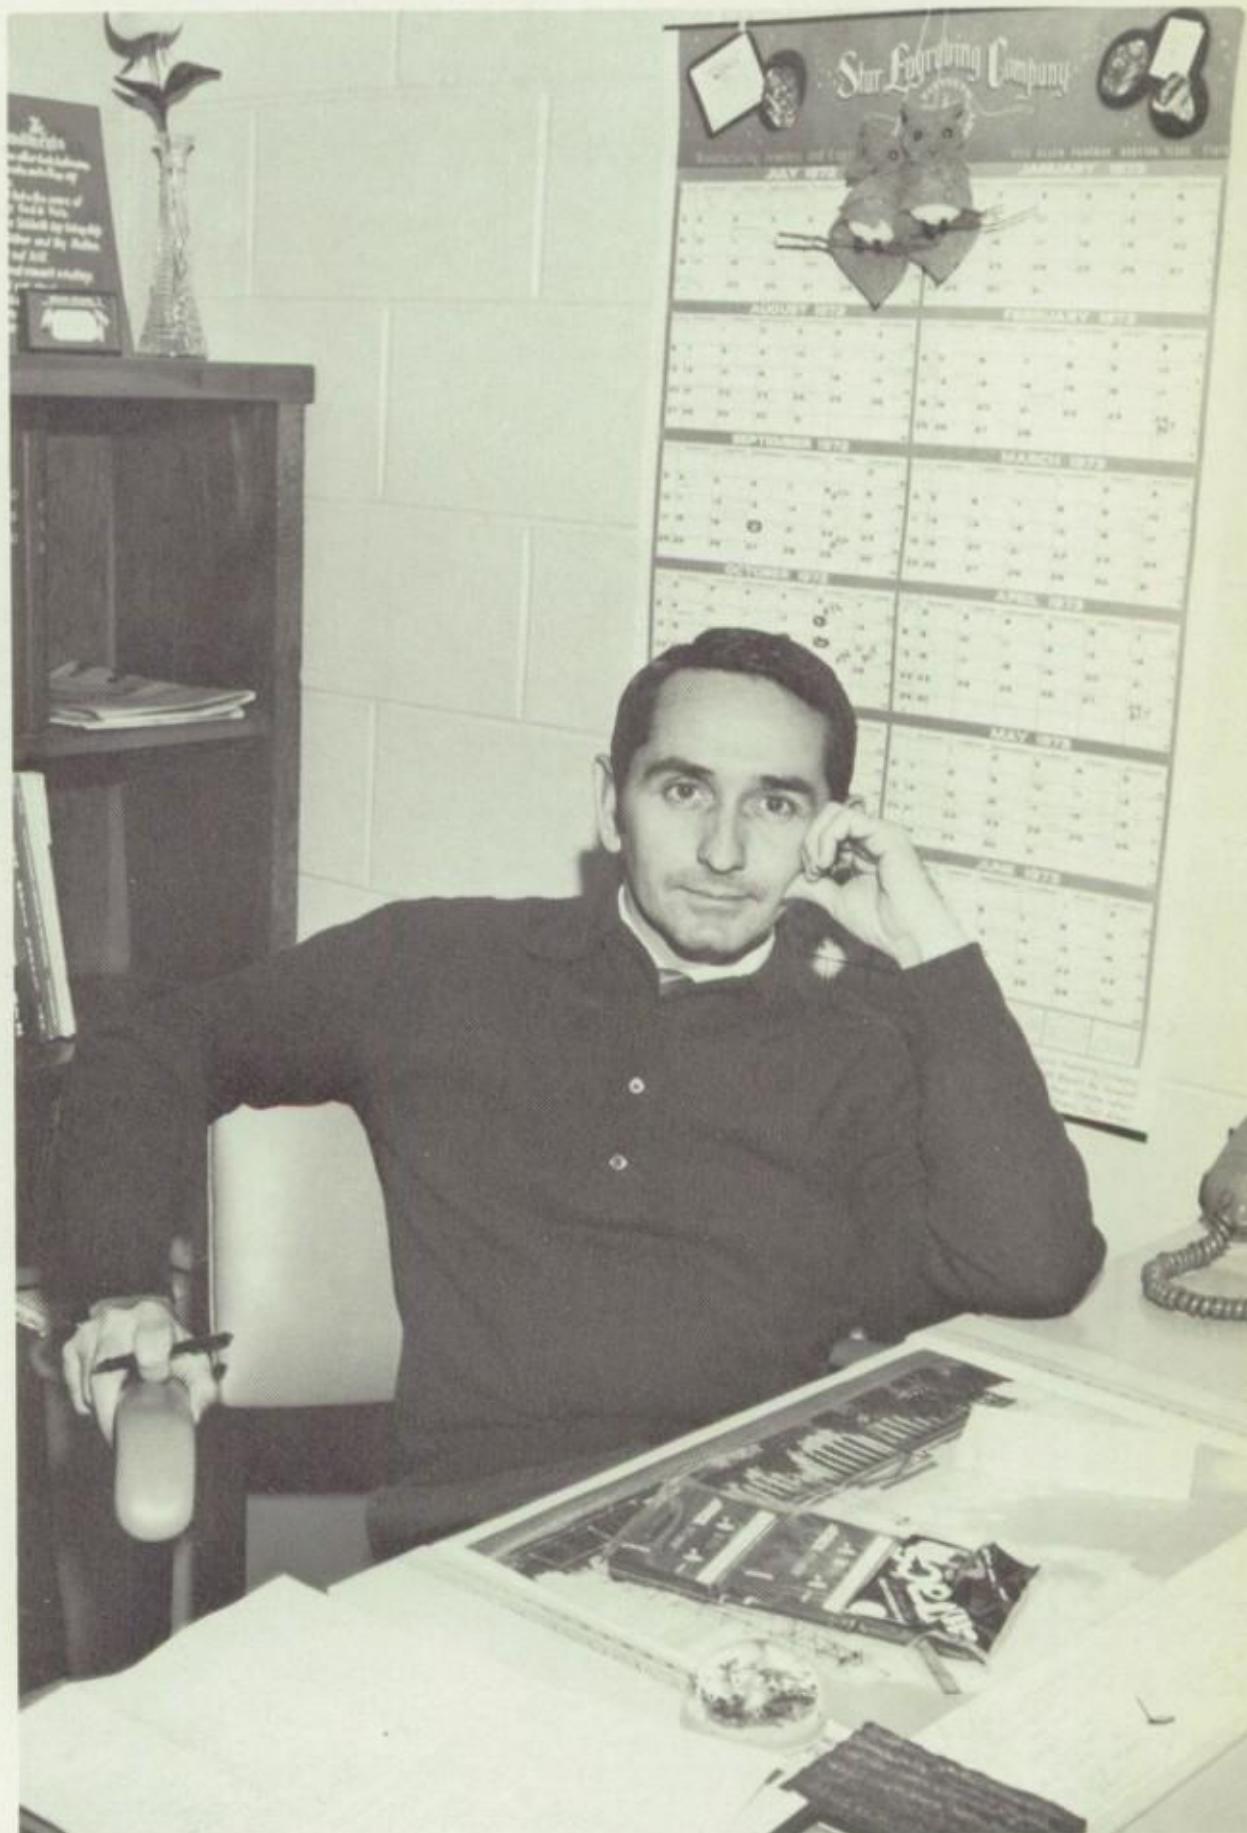

We, the Staff of the 1973 OWL, gratefully dedicate this annual to our counselor, Mr. Don Harrel. We feel he has already added so much to our school in the short time of three years. We are thankful to the administration for including counseling in the school system and particularly for selecting as our first counselor one who inspires us to attain our educational goals.

Teenagers today have more liberal discipline in behavior and choices, placing a greater responsibility for decisions on the teenager, himself. Having such a wide range of classes, activities and other involvements makes it necessary for us to be selective. Wise counseling is, therefore, very important to us. Mr. Harrel helps us keep in mind our requirements for graduation and plans for a vocation while we pursue our work and fun in high school.

A native of Fletcher, Mr. Harrel spent his first twelve years of school there, where his father, Kenneth Harrel, was superintendent and his mother was his first grade teacher. He has a master's degree from Southwestern State Teachers' College. In addition to his professional training, Mr. Harrel has had a wide variety of experience in the world of work; he has served as a rural mail carrier, and Air Force reserve, and an elementary teacher.

When asked why he chose the counseling field, Mr. Harrel said he liked to help older students. He felt counseling was an interesting field, it was challenging, and offered many opportunities.

Mr. Harrel resides at Fletcher with his wife, Linda, and daughter, Donia Landene.

MR. DON HARREL
School Counselor

"Being a school counselor offers new opportunities, challenges, and rewards each day. My only regret is that I cannot help every person that enters my office."

Don Harrel

Elementary Boasts Addition

The Elementary School boasts the latest addition. Pictured here at night, the addition has four classrooms and is air-conditioned. The grade school offers regular classes, plus kindergarten, remedial reading, special education, music, and P.E. The building also contains an All-Purpose Room. This room lives up to its name, as it is the site of the cafeteria, class dinners, community activities, family reunions, assemblies, and plays.

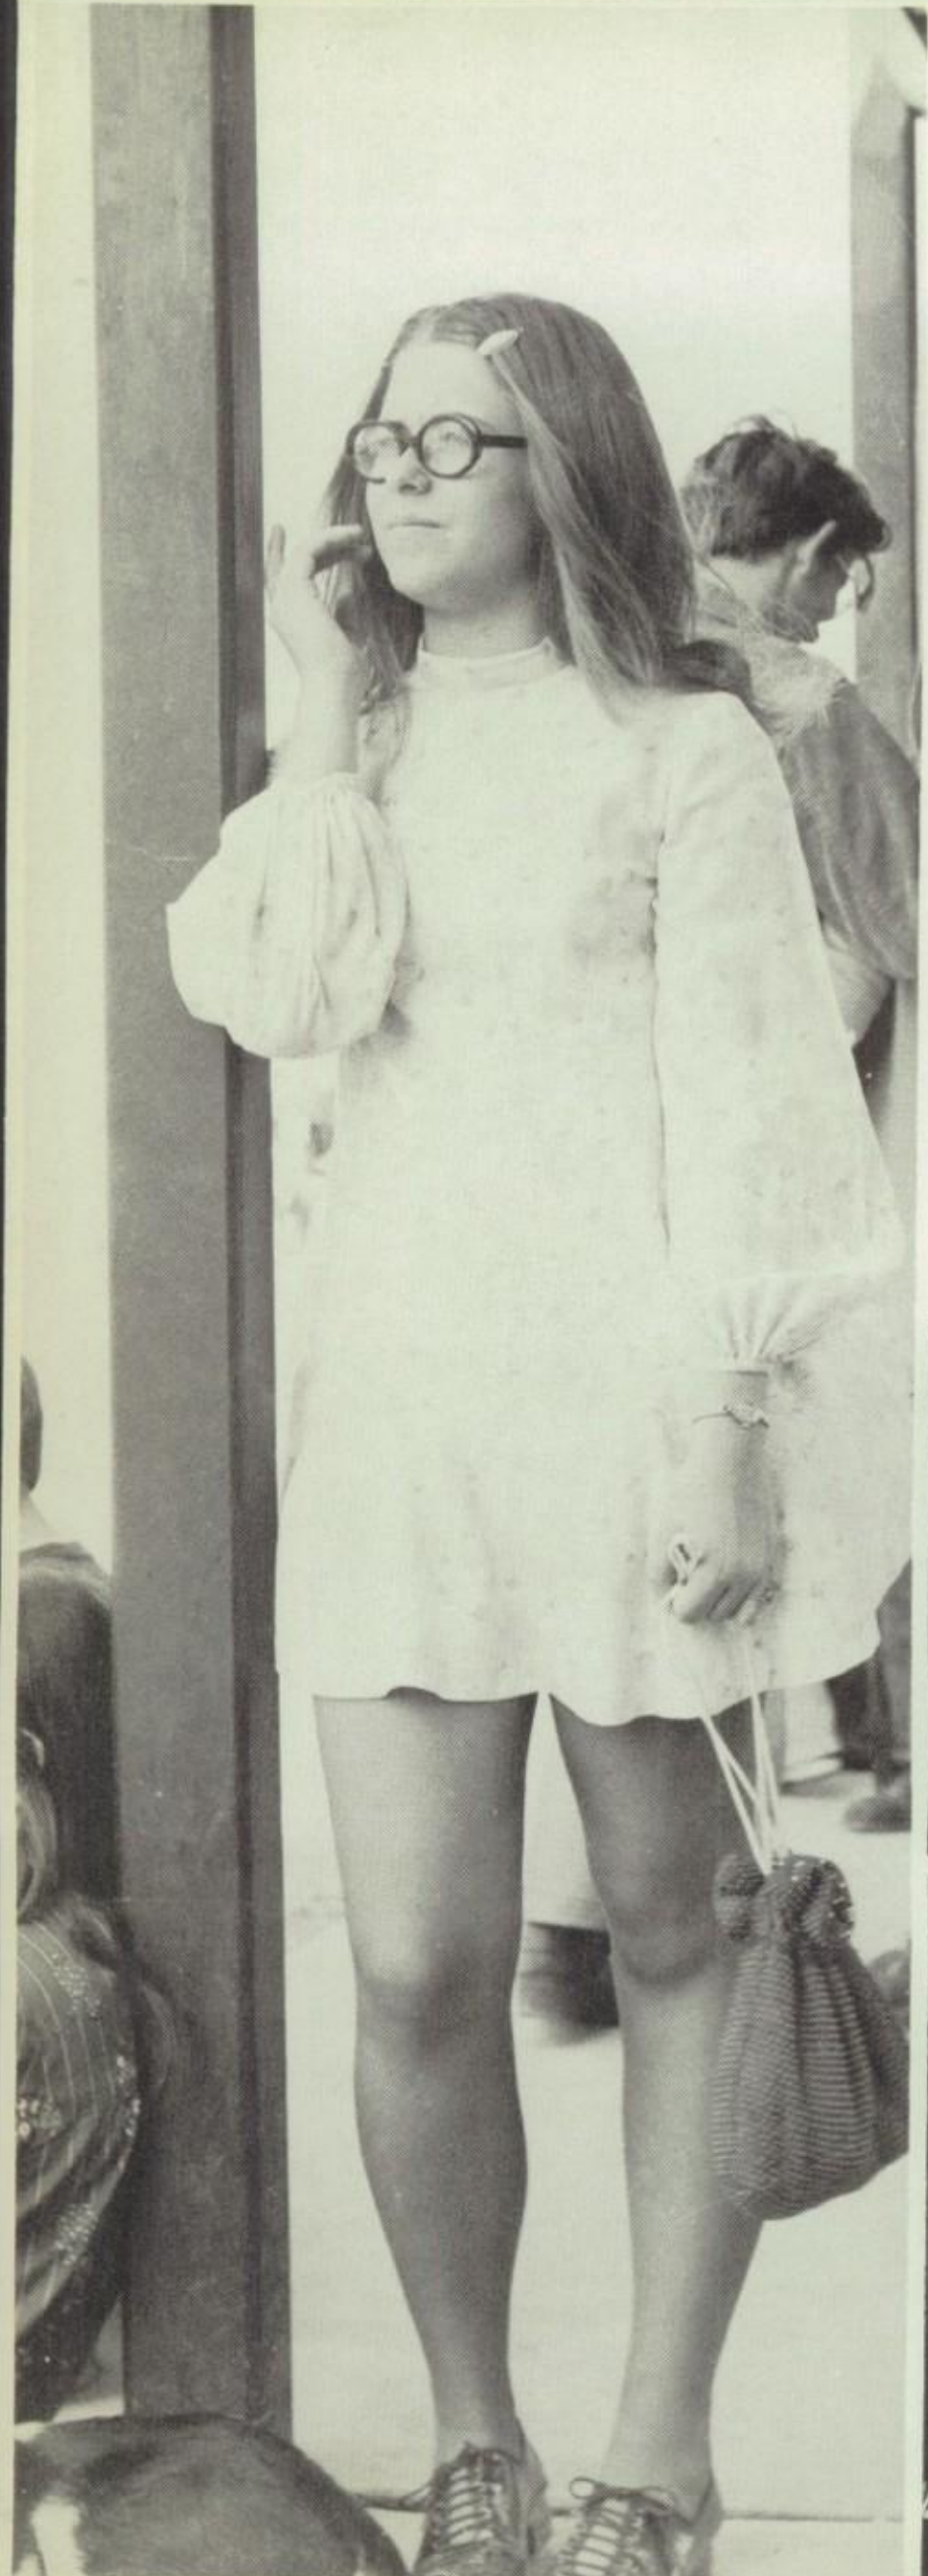

Classes by Day; Activities by Night

The Elgin Public School system serves the community by day and night. By day students walk or come by buses and cars to attend classes. By night these same students and their parents attend activities held in the all-purpose room, gymnasium and auditorium.

Built in 1967, Elgin High and Junior High Schools afford 13 classrooms. Twenty-one teachers hold 65 classes a day for 380 students. Music classes are held in a separate building, and physical education courses meet in the gymnasium, while the shop building is the meeting place for agriculture and auto mechanics.

School Life . . .

"Working Together"

"New Math Adds Up"

25 YEARS

Why does a person give thought, effort, and time to a job without monetary reimbursement? When asked this question, Mr. Hise gave this reply:

"I stayed because I am interested in the education of children and in their future. After having served this many years on the Elgin School Board, if I have contributed anything I think it is time well spent."

Mr. Hise expressed appreciation for the dedicated group of co-workers, administrators and for an outstanding faculty. The school enrollment has grown and many new buildings have been added during the 25 year period.

Outstanding business patrons, Mr. Hise and his wife, Gena, have owned and operated Hise Auto and Farm Supply since 1947. Both are graduates of Elgin High School and Cameron College. Their two children, Sharon and Randy, are also Elgin graduates. Two grandchildren are presently enrolled at Elgin.

Cattle raising and school ballgames are Mr. Hise's favorite hobbies. The Hises have driven through ice, snow and sleet throughout the state to support the local team.

The Staff and student body appreciate the continued interest and support. We say "thanks" for the growth and improvement of the Elgin Schools.

HOMER AND GENA HISE

Mrs. Hise, like her husband, has contributed much to the community and her church. She has been ready to help any who ask. We feel the wife contributes much to the success of the husband.

Homer Hise, Member; Earnest King, Member; Harry Leonard, President, C. B. Oliver, Vice-President; Guy Shull, Clerk.

The Annual Staff would like to thank this group of hard-working, conscientious men. By serving on the School Board they had to give up valuable time in order to make Elgin School one of the best in the state. Again we say "Thank You."

Elgin School Board of Education

Through his many years of dedicated service, Homer Hise has earned the friendship and respect of the Elgin Board of Education as well as the Community. The appreciation for his counsel and advice cannot be expressed in a few words, except to say "Thanks, Homer, for a job well done."

Harry Leonard

In Memoriam

LYNDON B. JOHNSON
THIRTY-SIXTH PRESIDENT
1963 - 1969

Governor Hall said history will "remember this great man with its highest accolades. He was first of the people--a man who felt, loved and lived for his country." And, as his beloved Lady Bird stood composed beside his successor in the White House, the 36th President of the United States was eulogized as a man whose "ambition for himself was nothing compared to his ambition for America." This is exactly how we feel of this President of our generation.

HARRY S. TRUMAN
THIRTY-THIRD PRESIDENT
1945 - 1953

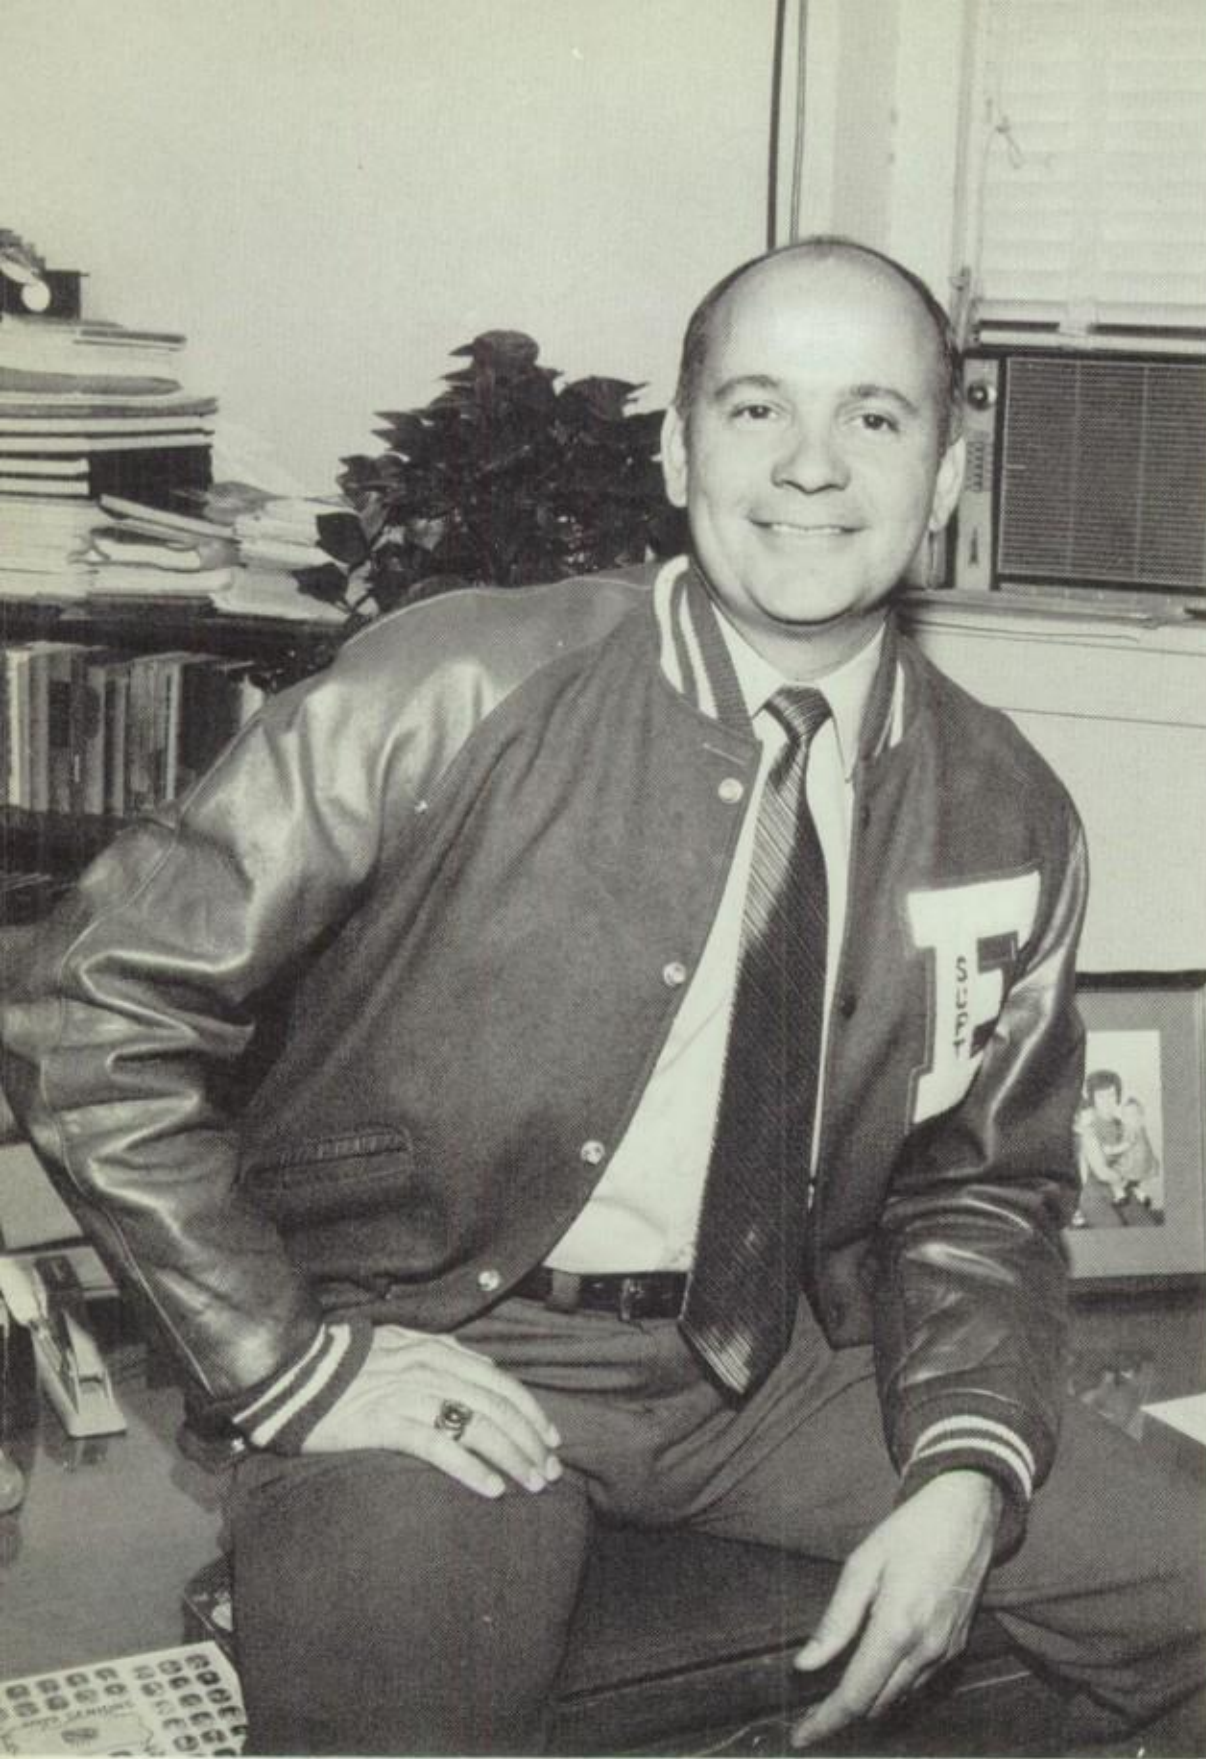

". . . He renewed faith in American democracy by demonstrating anew that our government can be run by a plain-speaking, middle-weight, middle-class man--one who could rise to tremendous challenges without any special gifts except decisiveness, "guttiness," and a capacity for growth. He was unique in his commonness. He lacked the grand manner, whether in word or deed, but he left no doubt who was President."

--Thomas A. Bailey, historian

ADMINISTRATION

“Working Together Day by Day . . .”

Administration It All

Because I believe that the education of our young people is one of the most important responsibilities in our community, I want to take this opportunity to express my appreciation for the numerous ways in which you have expressed active support of your school. Thanks for helping our school system continue to be one of the best in the area.

Is Where Begins

It is the aim of the administration to instill in each student a desire to accept the social responsibilities that the future will demand. It is with this aim in mind that certain demands are made of the students, with prayerful hope that the students understand the awesome demands that the future holds. I shall strive to create an atmosphere of very firm but fair demands and humbly thank the student body for their acceptance of the aims of the administration.

For all of us, this year has been one of successful effort in all facets of our educational experience. I have thoroughly enjoyed working with each of my colleagues, students, parents, and the school board during this year. Thank you for all of the consideration that I have been shown by all of you during this year.

MR. JODY HILLIARD
Junior High Principal

As you walk along the way of life, people are constantly bumping into you. If your life is full of ill-nature, bad temper, and ugly disposition, those things will be spilled from you. If your life is full of love and Christian spirit, you will spill a smile or some pleasant remark. You can only spill from your bucket that which it contains! What's in your bucket?

WE'VE ONLY JUST BEGUN

We've only just begun to live,
 White lace and promises, a kiss
 For luck and we're on our way.
 Before the rising sun we fly,
 So many roads to choose,
 We start out walking and learn to run.
 And, yes, we've just begun.
 Sharing horizons that are new to us,
 Watching the signs along the way,
 Talking it over, just the two of us,
 Working together day to day--together,
 And when the evening comes we smile,
 So much of life ahead,
 We'll find a place where there's room
 to grow,
 AND YES, WE'VE JUST BEGUN . . .

BETTY CROCKER SEARCH OPEN TO ALL SENIORS!

Miss Pam Mitchell, daughter of Mr. and Mrs. Doyle P. Mitchell, received the Betty Crocker "Homemaker of Tomorrow" award. The winner was determined by a written test given to Seniors.

Ideally, homemaking has always been a partnership undertaking by husband and wife. Today, however, that partnership is becoming more of a reality. In 1972-1973, therefore, the Betty Crocker Search for the first time has been opened to both boys and girls.

TWO ATTEND NATIONAL

The All-States Banquet was the highlight of the Future Homemakers of America 1972 National Convention, held in Los Angeles. Attending were Miss Anna Ryan and Dorinda Carr. Dallas is the site of the 1973 Convention.

Both quite agreed that it was an experience of a lifetime.

RED-HOT OWLS BURN TIGERS COUNTY CHAMPS PLAY TODAY

COLOR ELGIN'S boys red. For hot. Make it a flame red, in fact. The Owls are absolutely mazing when they find a tournament to enter. It was impressive when they 33 of 64 shots—51.5 per cent to defeat Fletcher in the final the Caddo-Comanche tournament a couple weeks ago. But that was just a teaser. Last night they really put on show in the Lawton High school gymnasium. And all but the final straw was absolutely necessary. Sparked again by Steve Mansel's red-hot shooting hand, Elgin swished 31 of 54—57.4 per cent—and edged a surprisingly ol, collected Sterling upset 1, 73-67. Almost all of it was necessary, too. Sterling was within 10 points, 69-67, and had the 1 with 35 seconds to go.

Mary Haumpy sparked an FSIS streak of 10 straight points late in the third quarter. The surge stopped a Chattanooga bid for control of the game and installed the Indians as six-point leaders with a quarter to play.

Sterling's girls outscored Elgin, 15-2, during a four-minute span late in the first quarter and early in the second. That gave the unbeaten Tigerettes a 23-8 lead, and they were never seriously threatened again.

Geronimo's boys also won handily, scoring 17 in a row for a 35-10 lead with two minutes left in the first half. While the boys were reeling off the

Human Emotions Are Expressed Through Music

The elementary music textbook series, "New Dimensions in Music," presents the most recent innovations in musical development and trends, while retaining the best classical and folk melodies.

Art, nature, literature, history, science, math, geography and religion all have a place in the natural expression of human emotions through music.

Reading . . . An Every Day Necessity

The Remedial Reading program at Elgin encompasses the slow or troubled readers from second semester first grade through the fifth grade. The main goal of remedial reading is to bring the child's reading level up to or at least toward his grade level. Many materials such as skill builder texts, sight word drills, remedial phonics work, and Hoffman audio-visual lessons are used throughout the remedial reading not only as a lesson, but as an every day necessity.
